

LINEAR MODULE PowerLED

focused power

Modern Frei PowerLED module designed to build different lengths of light lines dedicated to jewellery and watchmaking exhibitions. Thanks to the DC power supplies and CREE diodes used, it will be perfect for interiors requiring 24-hour lighting of the site while maintaining the highest quality parameters.

Diods	Power LED
Power	20 - 40 W/m
Brightness	2000 - 5500 lm
CRI	93 / 97
Lighting angle	36°/52°/80°
Lifespan	60 000h
Voltage	CC
Application	interior
Certifications	CE
Dimensions	10x100 mm
Dimmable	YES
Base	Aluminum
Warranty	5 Years
